

HealthPartners's Prescription Search

Prescription medication search

At BG, we feel that it is important to empower you with the tools to confirm that your medication(s) will be in the plan's formulary with the plan that you select.

Not all formularies are
the same.

MNsure

We understand that you entered in your medication list in MNsure when looking at plan options. It has been found that this is not always accurate. Follow along on how to confirm that your medication will be on formulary and at what tier level.

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

Go back to MNsure

Go back to your search in Mnsure:

- In this example, we can see that a tier 2 medication has a 50% coinsurance after the deductible has been met.
- *Note:* this means that you are responsible for the full cost of the medication.
- To verify your cost, you will want to ask your pharmacist.
- Repeat this process for each medication.
